Cheder Miami had such a fun and exciting week! ☀️ In Nursery, the children learned all about the number 1, sang counting songs, and made creative number crafts. We learned how Sara Imeinu and Rivka Imeinu had many miracles, including the shabbos candles that lasted the entire week. We made beautiful Shabbos candlesticks to go with the Parsha. 🕯️ Meanwhile, Playgroup learned about Fall, exploring autumn colors, leaves, and seasonal crafts. 🍁 It was a week full of learning, creativity, and smiles all around!

This week in Nursery...

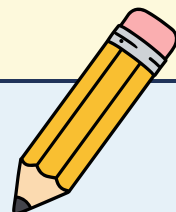

We learned all about the Parsha and the special Imahos, Sara and Rivka. We talked about how, in their homes, the Shabbos candles stayed lit from week to week, bringing warmth and light that never went out. The children loved hearing this beautiful story and creating their very own Shabbos candlesticks using a variety of art materials. 🕯️

We've also been enjoying the beautiful Miami winter weather, spending lots of time outdoors playing games and exploring together. Davening has become one of our favorite parts of the day! The children sing with so much joy and connect to each other during this special time.

Special shoutout to Yosef Chaim for being the shabbos Abba! Wishing you much hatzlacha on your move! 🎵

In addition, Afternoon Nursery kicked off a brand new learning adventure, Number Fun! 🎉 This week we explored the number 1 in so many exciting ways. We sang cheerful counting songs, played number games, and practiced forming the number 1 with stickers and squishy modeling clay. The children loved hunting for all the number 1's on our Rummikub tiles! 🎲 Our 3-year-olds have also been strengthening their pencil control and scissor skills while working on number recognition and counting from 1 to 10. It's been such a fun week of learning, discovery, and hands-on play, and we can't wait to dive into number 2 next week!

Wishing everyone a wonderful Shabbos! ❤️
