This week in Nursery...

This week we learned in Parshas Lech Lecha that Avraham was a very big tzadik, who loved listening to Hashem.

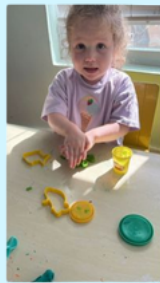

When Hashem told Abraham to leave his father's house and go far away, he immediately packed his belongings (in a suitcase of course) and left. Hashem promised him that he will have as many children as the stars in the sky. We made our own suitcase and put special things inside including a book that describes a day at the Cheder!

We started learning about Fall/Autumn. We sorted different color fall leaves and the children put them on our board. We talked about leaves changing colors from green to red, yellow, brown, and orange. We watched a video clip of Morah Rivka walking in the forest and heard the dry fallen leaves crunching under her feet. We saw different colored leaves on and off the trees. We made a leaf rubbing and dabbing art picture. We started learning about shapes. We will focus on four shapes: circle, square, triangle, and rectangle. We also started working on pencil control skills with the three year olds.
