What an exciting first week back at the Cheder! The Nursery class learned all about Kriyas Yam Suf and also started learning how to write their letters!

Happy 2nd Birthday to Shlomo Aharon!

All Cheder Miami parents are encouraged to make reservations for the Ahavas Torah Dinner this Monday(See Flyer Attached).

Cheder Miami is one of the many initiatives through which Ahavas Torah serves the greater community, and your support helps ensure that they can continue their vital and meaningful programs.

This week in Nursery...

Dear Parents,

We were so happy to be back at Cheder after winter vacation! The children were thrilled to see their friends and moras again, and we jumped right back into our learning with great enthusiasm.

This week, we learned about Parshas Beshalach (Shabbos Shirah). Mora put on a fun and engaging presentation showing how Hashem split the sea so Bnei Yisroel could walk through safely. The children were captivated and had so much to share afterward. They even created their own “splitting of the sea” project to bring home.

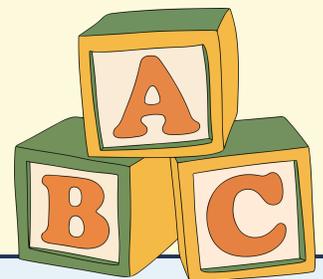

We also learned about Shabbos Shirah and its special connection to the birds. In honor of Shabbos Shirah, the children made their own bird feeders, which they will be taking home. We look forward to placing them outside our homes before Shabbos. The children also learned a sweet bird song together; the lyrics are attached below.

Little birdie, little birdie
Please come and eat
On Shabbos Shirah, on Shabbos Shirah
I will give you a special treat
(Tune: Dip the Apple in the Honey)

In the afternoon nursery, we have begun learning the ABCs! Our alphabet program is animal-themed. This week we focused on the letter A, A is for alligator and learned the sound that A makes. The children enjoyed making several A-themed crafts, especially the alligator. Next week, we are excited to create an A fishing game.

Have a wonderful Shabbos!
