Cheder Miami welcomes Chodesh Adar!

This week, the nursery class excitedly began their Aleph Bais unit, starting a hands-on and engaging learning journey filled with projects, stories, games, and songs. They are loving it so far, and along with reviewing numbers and exploring the letter B, they are already eager to learn more letters and sounds.

This week in Nursery...

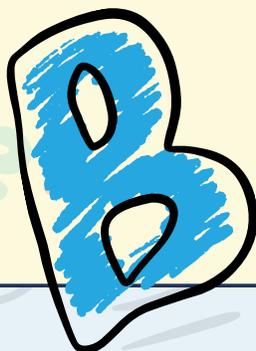

Dear Parents,

We are so excited to share that this week we began our Aleph Bais unit! This is the start of an ongoing learning journey, where the children will explore the Aleph Bais through hands-on projects, engaging stories, fun games, and happy songs.

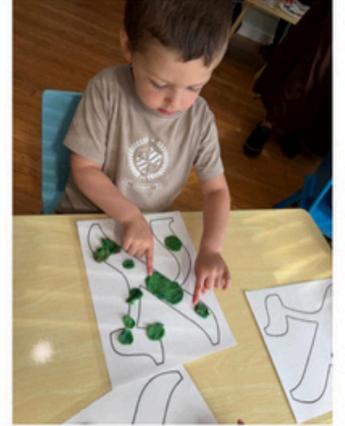

So far, the children are absolutely loving it and having so much fun learning. We can't wait to continue building on their excitement. We encourage you to ask your children about what they've learned, you may be surprised by how much they already know!

In the afternoons, I've been enjoying watching the children use their imagination to create all kinds of games together. We've also been reviewing numbers and working on projects connected to the letter B. I will be introducing more letter games and focusing on letter sounds as we move forward. The children are so excited about the ABCs and are already asking when we're starting the next letter!

Wishing everyone a beautiful and restful Shabbos!
